Issue No. 022

VICTORIAN DOINGS – PICNIC TO TOURROURONG RESERVOIR – MAY 28th

Attendance was unfortunately not up to the usual standard on this run, although the day was most mild for this time of the year, however a good day was had by all.

We are looking forward to a better turn up at the next run, which to refresh your memory, will take place on Sunday July 16th, and will consist of a run up into the snow, if any. Car's are to assemble in the Exhibition Building car park at 9:30 am. Bring along plenty of warm rugs, and hot drinks, particularly if you are in a Standard Javelin without the benefit, of a heater, as it could get pretty cold,

I look forward to seeing a few more of the Committee at this meeting also, so come along everyone and help to make it a worth while day. The actual location will depend to a large extent on the prevailing weather conditions. I'm sure that most of the kiddies would like to see the snow, and could sure have a whale of a time.

COMING EVENTS

In conjunction with the 'Association of One Make Car Clubs', what a mouthful that is, takes me about five minutes to type it, so will refer to the 'A.O.M.C.C.' in future, we will be asked to take part in . . . (a) . . . A treasure hunt, (b) . . . A run to see events at Rob Roy hill Climb, and (c) . . . A combined Club Ball. I have not as yet received full details on these functions, but should be able to give all particulars In the next News Letter. Your Club will be holding a Film Night in August probably at the Theatrette at the Royal Melbourne Technical College, films run will be by courtesy of the 'SHELL COMPANY OF AUSTRALIA' and will no doubt include some of the; trials, and rally's held recently. Date and time will be advised shortly.

FINANCES

Many members have not paid their 1961/62 Annual Subscriptions, and we thank you for your prompt response. To those members who have not as yet become financial we urge you to do so at the earliest opportunity.

With the monies already received, we have now ordered a substantial supply of spare parts from England. These parts will of course substantiate those already held. We are also placing advertise-ments in daily papers, and magazines, in an endeavour to achieve a higher membership.

Had a letter from Bruce Polain (N.S.W.), who is now getting the Branch organised in that State. Good luck Bruce, you may rest assured of the continued support in all aspects from this Branch. We look forward to as many members on the roll in N.S.W. as in Victoria.

PARTS AND SERVICES

Any member, or Garage, who would like additional copies of the parts/price list, published in the last issue, may have same on request to the Secretary or Asst. Secretary. We hope to be adding to, this list considerably very shortly. Would like to welcome those new Authorised, Service Stations, details of which will be found on page 3. I would again like to urge all members to patronise these garages, not only for repair work, but for normal servicing, oil and petrol supplies. Garages are advised, that full Technical Information on any aspect of the car's by contacting the Technical Committee.

By the way I have to report two mistakes in the last News Letter in regard to some of the prices shown for part's supplied by the Club, I would be pleased if you could kindly alter your copy to read as follows:

Page 3. New Yokes – £3-5-0 per pair.

Page 2. Tie Rod Ends – £1-6-2 per pair.

SOCIAL EVENTS

This letter seems to ramble on more than usual, unfortunately it is typed over some considerable days, and I now find that information has come to hand regarding some of the future events mentioned on page 1.

Our picture night will take place on the evening of Wednesday, October 25th, at the Radio School Theatre, Royal Melbourne Technical College. Be there at 8:00 pm sharp. Please keep this date in mind, films are being obtained from the 'Shell Co of Australia', and we can promise you a good nights entertainment.

REMEMBER THE DATE, PUT IT ON YOUR CALENDAR NOW. OCTOBER 25th.

Other dates to remember are as follows, for events organised by the A.O.M.C.C., of which this Club is affiliated.

September 10th – Treasure Hunt. Anyone interested, in participating is asked to contact the Secretary as soon as possible please. Good prizes are to be had for a 50 mile drive over good roads.

October 1st – Hill Climb events. Rob Roy. Members can go to see events and take a picnic of the day. Once again any member interested in participating is urged to contact the Secretary.

November – Autokana. I have no details on this at the present.

By the way, a New Motor Magazine should by now be on sale at the book stalls, entitled 'Motor World'. This is to become the official organ of the A.O.M.C.C. and I therefore commend it to you. Have a look for it won't you.

JUPITER ENGINEERING & TRADING

Wish to remind all members of the Jowett Club of Australia, that this company, which has the interests of members at heart, has a very reasonable stock of parts, and expects these to be supplemented considerably in the very near future. Discount is allowed to financial members of the J.C.A. Why not ring today.

2 HEMMINGFORD ROAD, EAST BENTLEIGH. Phone XU-3445

AUTHORISED SERVICE STATIONS

We are very pleased to be able to announce some new garages in the Melbourne suburban area. Stations listed below.

AUTHORISED SERVICE STATIONS – VICTORIA
