February, 1962

Issue No. 025

**YOUR FINANCIAL NUMBER – . . . . . e.g. 47**

## **FINANCIAL MEMBERSHIP**

In order that the Club may keep within the requirements of the law, it is essential that parts, kit sets, etc., are sold only to financial members of this Club. To ensure that this rule is carried out, each member who is financial for the ensuing year has been allocated a number, this number may be found as the top right hand corner of this page.

Parts and kits will be supplied on receipt of the appropriate amount, only if the above mentioned number is quoted on the order. In regard to work performed on a members car by one of the Clubs authorised garages, the proprietor must ascertain the members financial number to be forwarded with his order for any parts required.

This ruling will be very strictly observed, we know for a fact that quite a few parts, which were bought, or manufactured with your money, are being used on car's, the owners of which are not members of this Club, and this state of affairs must cease. Would you please make a note of YOUR number, and be sure that you quote this with any orders for parts.

## **ANNUAL MEETING**

The next Annual General Meeting of the Club will be held at the usual place, The Kiosk, on the Esplanade, at Point Ormond, on Friday evening, the 6<sup>th</sup> of April, 1962. The meeting will commence at 8:15 pm, and a cup of tea and biscuits may be obtained at the completion. The attendance at the last General Meshing was most encouraging and we hope to see an equal number on the 6<sup>th</sup>.

An agenda for the meeting is to be prepared shortly, and it would be appreciated if any member having some suggestion, or motion which he wants discussed, could contact the Secretary and have same placed on the agenda. Come along, bring the wife, and join in the running of your Club.

## **RESIGNATION OF SECRETARY.**

Owing to a change in occupation calling for a considerable amount of after hours study and time, I regret to announce that I will no longer be able to fulfill the position of Secretary to the Club. I have now occupied the positions of Assistant Secretary, and Secretary for some four years, and during this time have seen the Club grow to it's present strength both in membership, and in the facilities offered to it's members.

**ANNUAL MEETING – APRIL 6<sup>th</sup>, THE KIOSK, POINT ORMOND**

Unfortunately as far as Victorian members are concerned our attempts to provide successful social functions have proved to be most disappointing, and I sincerely hope that this aspect of the Club's activities picks up again in the forthcoming year. I have received many members letters from inter-state, in which they state that they would give their eye teeth for a chance to meet up with other members, and enjoy the pleasure of their company. So how about it this year, support your Club in it's social events please.

## **NEW MEMBERS**

A hearty welcome is extended to all new members, of which there have been quite a few over the last few months, we hope that the Club will be able to assist you with your parts, and service worries. Feel free to contact the Secretary, or the Technical Committee at any time, remember however that some letters, and queries are held over and brought up at the fortnightly Committee meetings, some delays are therefor unavoidable.

## **COMMITTEE**

The Executive committee of the Club should ideally consist of some ten persons. At the present time only seven are actively engaged in Club functions. It would therefor be appreciated if members would give some serious thought towards helping out in this sphere.

Committee meetings are held every two weeks, usually at a committee members home on a rotation basis, for anyone really interested in the car's, much can be gained in general knowledge of a most practical nature. Thus when nominations for Committee are called at the Annual Meeting, will you please offer your services if at all practicable. I would be pleased to discuss this further at any time if their are any points not covered in this article.
